Chief Executive Officer

HACAP's Mission and Vision

Mission

Helping people develop skills to become successful and build strong communities.

Vision

A thriving community where all people have the opportunities for success.

We are Innovative.

We are Partners.

We are Responsible.

We are Leaders.

We have integrity.

We are HACAP.

HACAP believes that upward mobility programs are an investment in the future. So that families in poverty need not live from one crisis to another nor live in poverty from one generation to another, we will strive to:

- Identify the causes and extent of poverty in our communities and locate individuals in need.
- Identify and mobilize all available local resources and community facilities to assist the disadvantaged in securing needed services.
- Provide maximum participation of the disadvantaged in the planning operation and evaluation of HACAP programs through our governance groups.
- Make the community aware of HACAP and the needs of the disadvantaged.
- To provide decent housing that is affordable to low-income and moderate-income persons.

History of HACAP

In 1968, Hawkeye Area Community Action Program, Inc. began serving families in Linn, Johnson, and Jones counties. From 1973 to 1981, Iowa, Benton, and Washington counties joined the HACAP family. In 2020 Dubuque, Delaware, and Jackson counties were added. Throughout the years, HACAP has continued to identify and alleviate the conditions of poverty and helping people on the road self-sufficiency within our nine-county area.

HACAP, a Community Action Agency (CAA), is responsible for developing and delivering Iowa's anti-poverty plan for Benton, Iowa, Johnson, Jones, Linn, Dubuque, Delaware, Jackson, and Washington Counties. CAAs are non-profit private and public organizations established under the Economic Opportunity Act of 1964 to fight "America's War on Poverty". The goal of an anti-poverty plan, as well as community action, is to identify the specific needs of our clients and our communities; design opportunities and programs to meet those needs. As a result, rather than promoting dependence on welfare and other forms of government assistance, HACAP fosters self-sufficiency and independence for the low-income clients we serve.

Currently, HACAP has many facilities serving the 9 county area. HACAP facilities reflect the reality that this is a place where a family comes to access resources to help them address immediate needs and move toward self-sufficiency. HACAP facilities are located in high need areas and serve entire neighborhoods or rural communities.

HACAP deploys its resources to operate programs that stabilize households. In addition, we collaborate with community partners to better serve the families of our communities.

You are encouraged to ask your supervisor, program manager, or Human Resource staff any questions you may have regarding the content of this manual.

The employee handbook is presented for informational purposes only and can be changed at any time by the Hawkeye Area Community Action Program, Inc. with or without notice. The handbook is not an employment contract, expressed, or implied. Hawkeye Area Community Action Program, Inc. are employees at will and either the employee or Hawkeye Area Community Action Program, Inc. can terminate the employment relationship at any time for any reason.

Employment Policy

It is the policy of Hawkeye Area Community Action Program, Inc. to select personnel on the basis of past work history and occupational qualifications without regard to age, race, creed, color, sex, national origin, sexual orientation, marital status or disability. Persons who feel they have been discriminated against in any of these areas should let their grievances be known to the Human Resources Department. All personnel are required to comply with the Immigration Reform and Control Act of 1986 and must complete an Employment Eligibility Verification Form (I-9) to be kept in HACAP's Human Resources Department.

Probationary Period

All new and rehired employees, or currently employed persons transferring into a position requiring a different classification description, must serve the first 180 calendar days of that position on a probationary basis. During this period the employee will have the chance to accustom him or herself to the work; it will also give his or her supervisor an opportunity to see how well the employee is suited for these duties and

responsibilities. During the probationary period, the employee will be evaluated by the supervisor at 30, 90, and 180 days.

An employee must complete the probationary period before being considered for other positions unless management waives that requirement.

For employees working within the initial 180-day probationary period, Hawkeye Area Community Action Program, Inc. reserves the right to terminate employment without the option of leave or transfer and without recourse to the Hawkeye Area Community Action Program, Inc. grievance procedure.

Changes in Personnel Records

It is the responsibility of each employee to promptly notify HACAP of any changes in personnel data. Personal mailing addresses, telephone numbers, number and names of dependents, individuals to be contacted in the event of emergency, educational accomplishments and other such status reports should be accurate and current at all times. If any personnel data has changed, notify the Human Resources Department as soon as possible. If the change will affect your benefits (i.e. medical, dental, etc.) it is very important that timely notification is made so that required deadlines in which to make life-changing event changes are not missed.

Access to Personnel Files

The personnel file is a permanent record of an employee's work history and is the property of HACAP. They are maintained in the Human Resources Department and access to the information they contain is restricted. Generally, only supervisors and management personnel of HACAP, program monitors and auditors, who have a legitimate reason to review information, are allowed to do so.

The personnel record contains such items as the application for employment, employment references, educational and developmental records, and leaves of absence, employee performance appraisals and other such data. Disciplinary actions are part of the employee record as outlined in HACAP's Disciplinary Policy. Employee health records are confidential and are maintained in the Human Resources Department in a separate file in compliance with HIPAA regulations. With reasonable advance notice, employees may review their own personnel file in HACAP's corporate office and in the presence of an individual appointed by HACAP to maintain the file.

Criminal and Abuse Background Checks

HACAP shall submit record checks, both State and Federal for each employee with direct responsibility for child care or with access to a child when the child is alone, including staff who perform duties under a subcontract with HACAP, who will have access to a child to determine whether they have any founded child abuse reports or criminal convictions.

Any person with direct responsibility for child care or with access to a child when the child is alone with a founded child abuse or criminal record will immediately be denied continued employment.

Employee Health Examinations

HACAP has some positions that require physical exam clearance or successful fitness for duty testing. If you have been offered a position in Head Start/Early Head Start you will be required to have a physical examination. If you have been offered a position in Weatherization, Maintenance, or the Warehouse you may be required to undergo a fitness for duty test.

Employment is contingent on a determination based upon the results of your physical examination and testing that you will be able to meet the requirements of the position offered to you.

Equal Opportunity

Hawkeye Area Community Action Program, Inc. supports equal employment opportunity in principle, practice and complies with the Equal Pay Act of 1963, Age Discrimination in Employment Act of 1967, Americans with Disabilities Act of 1990, Rehabilitation Act of 1973 and the Civil Rights Act of 1991. No person shall be excluded from participation in, be denied the benefits of, be subjected to discrimination under or be denied employment in connection with any Hawkeye Area Community Action Program, Inc. program or activity on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, disability, marital status, citizenship, genetic information, or any other characteristic protected by law. Furthermore, the company has made a commitment to equal employment opportunity through a positive and continuing Affirmative Action Program.

Americans with Disabilities Act (ADA) and Reasonable Accommodation

To ensure equal employment opportunities to qualified individuals with a disability, Hawkeye Area Community Action Program, Inc. will make reasonable accommodations for the known disability of an otherwise qualified individual, unless undue hardship on the operation of the business would result. Employees who may require a reasonable accommodation should contact the Human Resources Department.

It does apply if the price is negotiable.**

Employment Classification

In order to determine eligibility for benefits and overtime status and to ensure compliance with federal and state laws and regulations, Hawkeye Area Community Action Program, Inc. classifies its employees as shown below. HACAP may review or change employee classifications at any time. A Personnel Action will document any changes in an employee's status. A copy can be made and given to the employee, upon request.

Exempt. Exempt employees are paid on a salaried basis and are not eligible to receive overtime pay.

Nonexempt. Nonexempt employees are paid on an hourly basis and are eligible to receive overtime pay for overtime hours worked.

Probationary Status. All new employees shall be considered probationary for one hundred eighty (180) days during which time said employees may be discharged at the discretion of HACAP. Probationary discharges shall not be subject to the grievance and arbitration procedure.

A new Head Start/Early Head Start employee may not be removed from probation or attain full status until he or she has been satisfactorily employed in the position and the Head Start Policy Council has approved the hiring.

Full-Time, Full Status. Employees are considered full-time/full-status if they are regularly scheduled to work 40 hours per week year round and have successfully completed their probationary period. Full-time employees are eligible to participate in HACAP's benefits programs as long as all specific program requirements are met.

Regular Part-Time, Full Status. Employees are considered part-time if they are regularly scheduled to work at least 20 hours per week for a minimum of 33-weeks/contract year but do not meet full-time requirements. Part-time/Full Status employees are eligible to participate in HACAP's benefit programs on a prorated basis as long as all specific program requirements are met.

Part-Time, Limited Status. Employees are considered part-time if they are regularly scheduled to work less than a regular part-time employee in a continuing, regularly scheduled position on an ongoing basis. Part-time-Limited status employees receive all legally mandated benefits and retirement, and are ineligible for all of HACAP's voluntary benefits.

Intermittent. Employees hired to substitute for a full or part-time employee on a day-to-day basis, as needed, or to perform a specific task on a non-routine basis. Intermittent status employees receive all legally mandated benefits and retirement, and are ineligible for all of HACAP's voluntary benefits.

Temporary. Employees who are hired as interim replacements to temporarily supplement the workforce or to assist in the completion of a specific project and who are temporarily scheduled to work the company's full-time schedule for a limited duration. Employment beyond any initially stated period does not in any way imply a change in employment status.

Wages and Benefits

Pay Period

HACAP has a fourteen day pay period. The pay period starts on Monday and ends fourteen days later on Sunday, with employees being paid on the following Friday. The scheduled hours you work each week may vary and will be determined by your supervisor.

Flex Scheduling

Flexible scheduling may be an option for employees in certain job classifications and certain job functions. Employees should not assume or expect that flexible work hours are available upon request. In some instances, an employee may be placed on a flexible schedule, as a way to better meet the needs of HACAP and our customers and the families we serve.

Wages

HACAP strives to recruit and retain highly qualified team members. Non-bargaining positions shall be classified and paid according to the current Personnel Classification Schedule. Bargaining unit positions will be classified and paid according to the SEIU/HACAP Collective Bargaining Agreement.

Meal and Rest Breaks

Full-Time and Regular Part-Time employees are entitled to a 30-minute unpaid meal break each day. If a nonexempt employee is required to work through a meal break, he or she will be paid for the 30-minute period. Employees are also entitled to two 15-minute rest periods each day when working an eight hour shift. Meal and rest breaks will be scheduled by the department supervisor or manager.

Time Records

Accurate recording of time worked is the responsibility of every employee. Federal and State laws require HACAP to keep an accurate record of time worked, in order to calculate employee pay and benefits. Time worked is all the time actually spent on the job performing assigned duties.

Employees should accurately record the time they begin and end their workday, as well as the beginning and ending time of each meal period using HACAP's electronic timesheet system. They should also record the beginning and ending time of any

departure from work for personal reasons. Altering, falsifying, tampering with time records, or recording time on another employee's time record may result in disciplinary action, up to and including termination of employment.

Overtime

All overtime work must receive the supervisor's prior authorization.

Overtime is paid to all non-exempt employees in accordance with federal and state wage and hour restrictions (hours worked over 40 hours in a week). Overtime pay is based on actual hours worked. Time off for holiday, paid release, or any leave of absence will not be considered hours worked for purposes of performing overtime calculations.

Payroll Deductions

Deductions from an employee's gross pay period earnings are of two types: mandatory and voluntary. Mandatory deductions are those required by law, court order or other legally compelling influence on the payroll. HACAP is required by law to make the following deductions from an employee's check:

- Federal income tax
- Medicare
- Social Security tax (FICA)
- State tax
- Court-ordered garnishments (when required by law)

The number of tax deductions depends on the employee's income level, marital status and the number of allowances an employee claims on the W-4 form.

Voluntary deductions are those requested by employees to be made on their behalf and may include medical insurance premiums, retirement contributions, voluntary life insurance premiums, long-term disability, etc. Voluntary deductions will not be made without the employee's written request or authorization, and advanced approval from the Human Resources Department.

Time Off and Leave of Absence

Holidays

HACAP observes the following holidays:

New Year's Day, Martin Luther King Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, the day after Thanksgiving, Christmas Eve day and Christmas day.

If a holiday falls on a Saturday HACAP will recognize the Friday before as the holiday. If the holiday falls on a Sunday HACAP will recognize the Monday after as the holiday.

Paid Release

Paid Release is available to all employees with the following status: probationary /full-status, full-time/full status, and regular part-time/full status employees. This paid release time is to provide opportunities for personal obligations, emergencies, rest, relaxation and personal pursuits. The amount of paid release an employee may earn each pay period varies with the number of hours worked and the length of their employment in an eligible status. Please refer to the HACAP Policies and Procedures Manual or HACAP/SEIU Collective Bargaining Agreement for your accrual rate.

Upon termination of employment, employees will be paid for unused paid release time that has been earned through the last day of work.

Family and Medical Leave

The Family and Medical Leave Act of 1993 (FMLA) is a federal law that covers all employers with 50 or more employees within 75 miles of a given workplace. FMLA requires employers to provide up to 12 weeks of job-protected leave to eligible employees for certain family and medical reasons. An eligible employee who takes leave under the law must be permitted to return to the same job or a job with equivalent status and pay. The employer must continue the employee's health benefits during the leave period at the same level and conditions as if the employee had continued to work. The leave may be paid, unpaid, or a combination of paid and unpaid leave, depending on the circumstances of the leave and as specified in this policy.

Military Leave

Military leave of absence shall be granted to employees under the provision of the Selective Service Act and the Code of Iowa. Employees requesting military leave should send a copy of their orders along with a memo requesting military leave or a Request for paid leave form to the Human Resources Department.

Bereavement Leave

HACAP wishes to recognize the personal loss an employee experiences as a result of the death of a loved one. While a general policy cannot be written that provides

bereavement leave for every category of “loved one”, it is HACAP’s intention to provide paid bereavement leave to employees who experience the loss of a family member as follows; Absence due to death of family members shall be paid in full not to exceed three days for parent, stepparent, child, spouse, brother, sister or stepchild; One day shall be paid in full for son in law, daughter in law, brother in law, sister in law, mother in law, father in law, aunt, uncle, grandchildren, and grandparents of the employee.

Jury Duty

An employee called for jury duty during working hours shall be provided such time without loss of pay. Any per diem fees the employee receives during such jury duty shall be turned over to HACAP.

When an employee is excused from jury duty, either temporarily or permanently during work hours, the employee should report to work and complete any remaining hours of the workday, if required.

Time Off for Voting

Hawkeye Area Community Action Program, Inc. recognizes that voting is a right and privilege of being a citizen of the United States and encourages employees to exercise their right to vote. In almost all cases, you will have sufficient time outside working hours to vote. If for any reason you think this won’t be the case, contact your supervisor to discuss scheduling accommodations.

Workers’ Compensation

All employees are covered by workers’ compensation insurance, which compensates an employee for lost time, medical expenses, and loss of life or dismemberment from an injury arising out of or in the course of work. Employees must report any accident or injury immediately to his/her supervisor and, if applicable, the Human Resources Department, so that the necessary treatment can be administered and paperwork may be completed.

HACAP will strive to reduce workers’ compensation claims by providing the best possible working conditions. The status of an employee shall not be affected by the filing of workers’ compensation claims unless the claim is filed fraudulently. It is up to every employee of HACAP to ensure that the environment is safe for both employees and clients and to report any injuries immediately. All unsafe conditions should be reported immediately or if feasible, corrected upon sight.

Separation from Employment

If an employee wishes to resign from HACAP a minimum two-week notice of resignation, in writing, should be submitted to their supervisor, unless other arrangements have been made with management. Unexplained failure to report to work for three consecutive days will be considered a resignation.

On the final day of employment, the employee must return all HACAP property.

The Human Resources Department will provide the employee with any benefit information needed at this time.

Employee Benefits

Following is a description of the benefits offered by HACAP. If questions regarding the application of benefits information in this manual should arise, reference may be made to the appropriate benefit policy contained in the Human Resources Department. These policies are subject to change. In instances where this manual may disagree with plan documents for insurance policies, the policies and plans will always prevail.

Thus, HACAP may conduct security searches on its premises, in any manner deemed appropriate in order to protect the interests of HACAP, including but not limited to, the purposes of helping to maintain a safe drug-free work environment, and protecting HACAP property and preventing loss from theft.

Identification Badge

As part of our employee identification/ security system, a Hawkeye Area Community Action Program, Inc. (HACAP) identification badge with your name, photo, and the department will be issued to you as part of your new employee orientation. Everyone is required to wear his or her identification badge in plain view while in HACAP facilities or while performing HACAP work functions.

Tornado Watch

All HACAP locations have a designated shelter area in the event of life-threatening weather. Employees are expected to cooperate when they are instructed to take shelter. Supervisors should provide employees with information regarding violent weather procedures in their area so that the employee will be prepared to take cover in the event of life-threatening weather.

Fire Safety

Call 911 then follow the plan that is specific to the HACAP facility you are working at. The site supervisor will orient new employees to the fire plan for each site.

Bloodborne Pathogens

In March 1992, the Occupational Health and Safety Administration (OSHA) passed the Bloodborne Pathogens training and Hepatitis B Standard which requires that information and training regarding the potential exposure risk to blood or body fluids in the workplace be provided to employees. All employees who have a potential exposure risk to blood or body fluids must satisfactorily complete HACAP's Bloodborne Pathogens training when hired and an annual training session for each subsequent year of employment. Employees will be trained on how to protect themselves from bloodborne viruses and on HACAP's Exposure Control Plan.

Universal precautions should be followed and proper cleaning and disinfection procedures are required when removing and handling blood and other body fluids. All spilled blood and body fluids are to be treated as contaminated and potentially harmful to health and Universal Precautions should be practiced.

HIPAA Regulations

The Health Insurance Portability and Accountability Act (HIPAA) include components to ensure that your personal health information is protected so that individuals are not afraid to seek health care or to disclose sensitive information to health professionals. These privacy rules apply to entities such as health insurance carriers, medical providers (physicians, hospitals, clinic, etc.) and employers. It is designed to ensure that Protected Health Information is protected during its collection, use, disclosure, storage and destruction within these entities, including your employer, HACAP. The policies and procedures noted herein are effective April 14, 2004.

Protected health information is any individually identifiable health information transmitted or maintained in any form or medium including electronic or otherwise that is

used or disclosed by a covered entity. Individually identifiable health information that relates to HACAP's workers' compensation program, short-term disability program, or any other employment-related program is not considered protected health information and is not subject to HIPAA privacy rules. However, under separate laws and regulations, employees have a right to privacy of this information and employees having access to such information must ensure its confidentiality.

Protected Health Information does not include employment records held by the employer for medical information needed for an employer to carry out its obligations under:

- Family and Medical Leave Act
- American with Disabilities Act
- Occupational injury/Worker's Compensation
- Disability insurance eligibility
- Sick leave requests and justifications
- Workplace medical surveillance

If an employee believes that his/her protected health information has been inappropriately disclosed, the employee is encouraged to first contact HACAP's privacy officer (Human Resources Manager) to discuss the concern. If the concern cannot be resolved, the employee is then encouraged to file a complaint following the appropriate complaint procedure.

Unauthorized use or disclosure of confidential information will result in disciplinary action up to and including termination of employment. All individuals who become aware of a possible breach of the security or confidentiality of Protected Health Information are to contact HACAP's privacy officer (Human Resources Department).

Workplace Guidelines

Orientation

Orientation is provided for all new staff members at HACAP. Orientation is conducted during regular working hours and is designed to familiarize each person with HACAP's overall operations, objectives, and personnel policies. Each new staff member will receive further orientation for their specific position from their individual department.

Attendance

HACAP expects all employees to conduct themselves in a professional manner during their employment. This includes practicing good attendance habits. All employees should regard coming to work on time, working their shift as scheduled, and leaving at the scheduled time as essential functions of their jobs, i.e., good attendance habits form an integral part of every employee's job description.

Among other things, "good attendance habits" mean the following:

- Being at your workstation ready for work by the start of the shift; remaining at your workstation unless the needs of the job require being elsewhere, except during authorized breaks (including restroom breaks);
- taking only the time normally allowed for breaks;
- remaining at work during your entire shift, unless excused by a supervisor; not leaving work until the scheduled end of your shift, unless excused by a supervisor;
- leaving promptly at the end of your shift unless you have been given advance permission from your supervisor to work past that point;
- calling in and personally notifying your supervisor or another member of management if you are going to be either absent or tardy unless a verifiable emergency makes it impossible for you to do so.

"Proper notice" means that you call HACAP at a number designated by your supervisor for such calls prior to the start of your shift and personally notify your supervisor or another member of management about the problem unless a verifiable emergency makes it impossible for you to do so. It is not sufficient to call in and leave a message with a co-worker or someone else that is not in a supervisory position. All supervisors and managers have been advised to make them available to take calls such as these, so there should be no reason to worry that you will not be able to reach an appropriate person to advise of your attendance problem. If you fail to give proper notice of attendance problems in advance as explained in this section, you may be subject to disciplinary action, up to and possibly including termination.

If you are absent without notice for three days in a row, you will be considered as having abandoned your job, and HACAP will process your work separation as a voluntary resignation on your part.

Job Performance

Communication between employees and supervisors or managers is very important. Discussions regarding job performance are ongoing and often informal. Employees should initiate conversations with their supervisors if they feel additional ongoing feedback is needed.

Generally, formal performance reviews are conducted annually. These reviews include a written performance appraisal and discussion between the employee and the supervisor about job performance and expectations for the coming year.

Seniority Date

Seniority is determined by the length of an employee's continuous service as a HACAP employee, since the employee's last date of hire. Breaks in seniority occur upon separation from employment through voluntary resignation, discharge, or upon lapse of recall rights. Employees that are rehired within six (6) months of separation will retain the seniority they held before the separation, without accumulating seniority during the separation period.

Dress and Grooming

HACAP provides a casual yet professional work environment for its employees. Even though the dress code is business casual, it is important to project a professional image to our customers, visitors, and coworkers. All employees are expected to dress in a manner consistent with good hygiene, safety, and good taste. Please use common sense.

Any questions or complaints regarding the appropriateness of attire should be refer to HACAP's Standard of Dress Policy- #504 or directed to the immediate supervisor or Human Resources department.

In order to access information from computer terminals or personal computers, you are required to identify yourself through logon or sign-on procedures by presenting your assigned user I.D. and password.

Passwords are personal and confidential information; you should treat them as such and must not disclose them to other individuals. Actions taken under your user I.D. with or without your consent are your responsibility. If you suspect that your password had been compromised, you must notify your supervisor and the Information Services Department immediately and change your password at once. Your failure to comply with these responsibilities and requirements justifies corrective action and or termination.

Electronic Mail

E-mail is subject to the same confidentiality and ethical conduct that applies to any other form of HACAP communications and files. HACAP has the right to access all electronic mail and computer files, whether in PC's, servers or mainframes and employees have no privacy rights with respect to any such information or data.

Indirect or direct threats of violence, incidents of actual violence, and suspicious individuals or activities should be reported as soon as possible to a supervisor, a member of Human Resources, or a member of senior management. When reporting a threat or incident of violence, the employee should be as specific and detailed as possible. Disciplinary Procedure

The primary purpose of discipline under Hawkeye Area Community Action Program, Inc. policy is to correct unproductive or inappropriate activity.

Disciplinary action may take the form of a verbal reprimand, a written warning notice, probation, suspension or discharge, or a combination of these actions.

Actions requiring a disciplinary response can be divided into two categories:

1. Those of a serious nature, which may justify termination without prior warnings or attempts at corrective action. These include (but are not limited to) dishonesty, stealing, forgery, falsification of documents, violation of confidentiality, conflict of interest, illegal activity, prohibited political activity, insubordination, abusive language or

behavior exhibited toward employees or clients, destruction of property, acceptance of gratuities from vendors or clients, actions detrimental to the agency.

The progressive disciplinary procedures described above also may be applied to an employee who is experiencing a series of unrelated problems involving job performance or behavior.

In cases involving serious misconduct, or any time the supervisor determines it is necessary, such as a major breach of policy or violation of law, the procedures contained above may be disregarded. Typically, the supervisor should suspend the employee immediately (with or without pay) and an investigation of the incidents leading up to the suspension should be conducted to determine if any further action, such as termination, should be taken.

2. Those of serious nature, which may result in corrective action via a reprimand, warning, probation, or suspension and which may result in more serious action if the behavior is continued by the employee. These include (but are not limited to) repeated tardiness or unscheduled absence, unexcused absences, careless job performance, negligence, disregard of safety procedures, infractions of agency and/or unit work rules. An employee may also be suspended or dismissed for unsatisfactory work performance based on evaluation procedures.

Employees shall be given the opportunity to sign any disciplinary action prior to it going in their file. Employees shall be afforded the opportunity to place a written response within seven (7) calendar days to any disciplinary action placed in their personnel file. Management will not put any disciplinary action into an employee's file without the knowledge of the employee (Article IX Collective Bargaining Contract).

Definitions of Disciplinary Levels

Verbal Reprimand – Level 1: Issued for minor disciplinary problems. Considered to be a notice to the employee that the job performance or work behavior does not meet standards of employment.

Written Warning – Level 2: Issued for serious disciplinary problems or considered to be a further notice to the employee of continued undesirable work behavior or unacceptable job performance or a more serious problem. This is submitted in writing, and placed in the personnel file for permanent record. It will be removed after 1 year if job performance or work behavior problem is not repeated.

Probation / Corrective Work Plan – Level 3(a) Must be developed to outline serious work performance deficiencies related to the essential duties and responsibilities of the position's job description. This work plan will outline specific goals that must be met during the (3) three-month period. This document is placed in the personnel file for permanent record. If work performance is not corrected during this (3) three-month period the employee will be terminated. If benchmarks set during this (3) three-month period are not met, as determined, the termination process will occur immediately.

Suspension Without Pay – Level 3(b): Considered to be the final notice to the employee that a serious work behavior must be corrected immediately or the termination process will occur.

Discharge – Level 4: Issued for major behavioral and work performance deficiencies and is considered to be the most extreme form of disciplinary action and the final step in this process. This will occur when all appropriate levels have been followed or in the event that the action is in violation of a HACAP policy that requires immediate termination.

The employer will advise collective bargaining unit employees, in writing, of their right to have representation when dispensing a disciplinary action or when conducting a pre-disciplinary interview (Article IX Collective Bargaining Contract). Prohibited at HACAP worksites and by HACAP employees while at work at non-HACAP worksites.
