

NOTICE OF PUBLIC HEARING

Iowa Low-Income Home Energy Assistance Program

DES MOINES – Iowans have an opportunity to inspect and comment on Iowa's proposed FFY 2025 Low-Income Home Energy Assistance Program (LIHEAP) State Plan.

The LIHEAP program, is designed to aid qualifying low-income Iowa households (homeowners and renters) in the payment of a portion of their residential heating costs for the winter heating season, to encourage regular utility payments, to promote energy awareness and to encourage reduction of energy usage through energy efficiency, LIHEAP customer education, and weatherization. The Iowa Department of Health and Human Services, through the Community Access and Eligibility Division's Community Action Agencies Subdivision, administers Iowa's LIHEAP program statewide and is authorized by Iowa law to contract and distribute Iowa's LIHEAP program funds to Iowa's sixteen Community Action Agencies to administer the program locally.
